

Route Card

Start with River on your left. Follow paths to Bewdley, always keeping the River in sight on your left. CP1 is at Highley at 8.2 miles. At Bewdley, after CP2 14.3 miles, run under bridge arches (Marshallled), double back & cross bridge (narrow pavement). Follow the road round to the right, after approximately 100 yards where road bends to the left, go straight ahead, another 50 yards take path on the right with signpost public footpath (Marshallled).

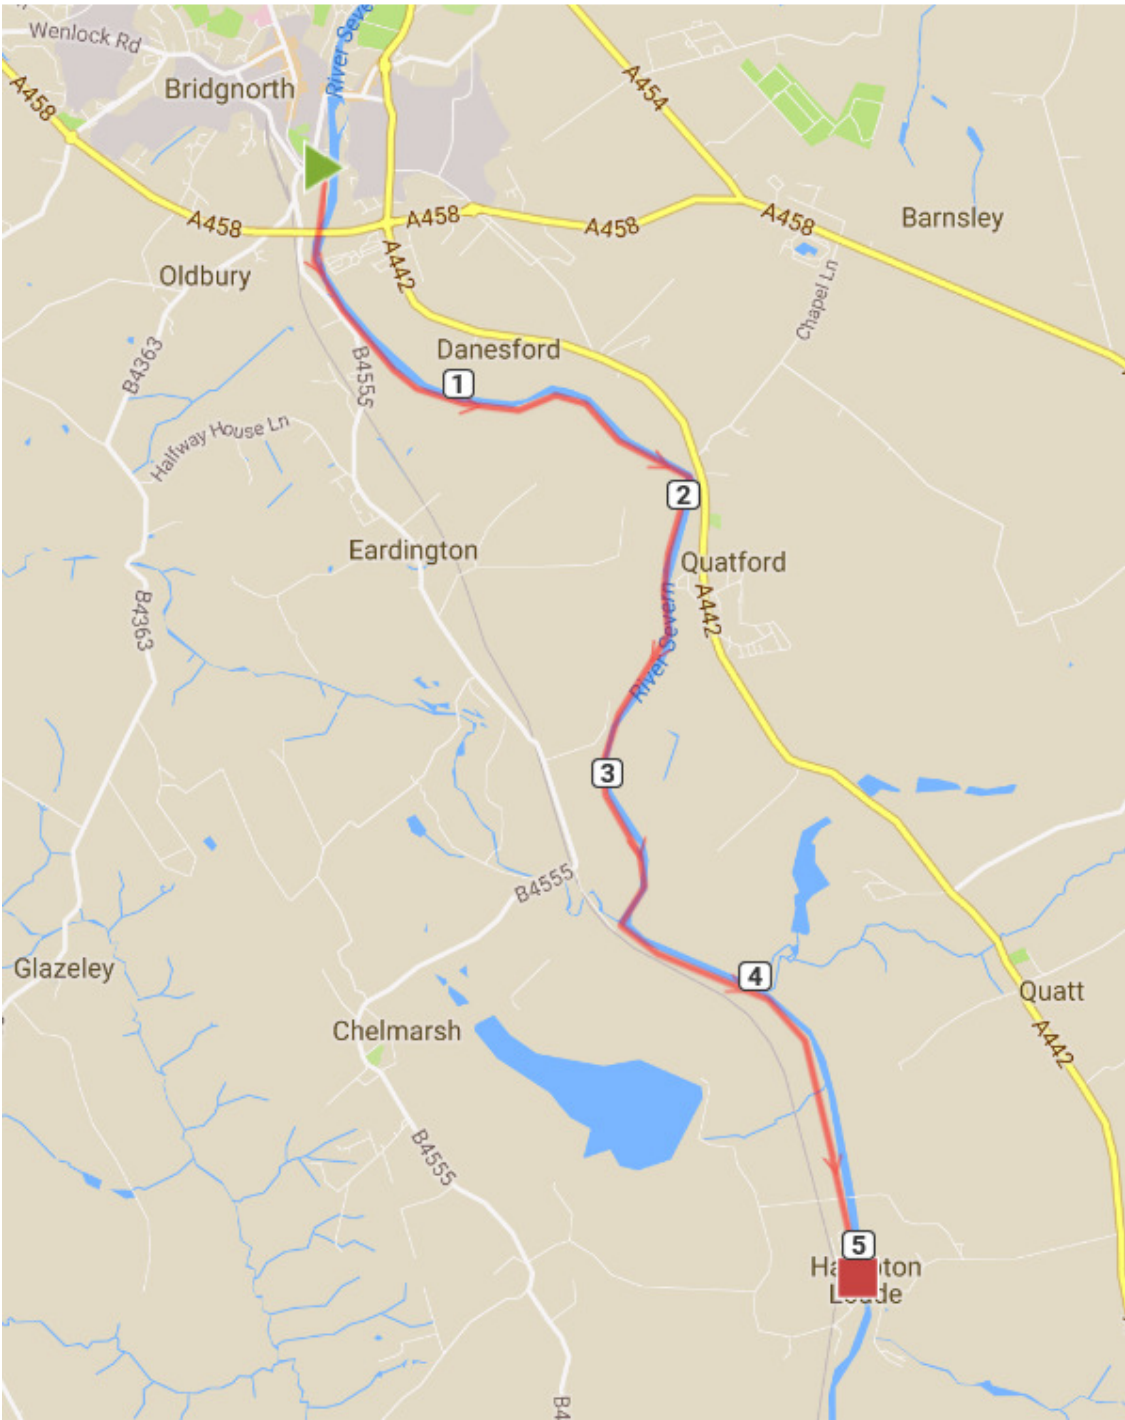

Follow this path to Stourport 17 miles, keeping the river on your right. At Stourport, keep going under bridge arches, past funfair to locks. Marshalls will guide you through this area to road. Run past the Wharf into Mart Lane, up this quiet road, past junction to refuge to cross road (A451/York Street) onto canal. There will be a Marshall here but he/she will NOT stop traffic. Please be patient.

Once on the canal, follow the path all the way to the Bonded Warehouse. CP3 is at the Lock at Wolverley (24 miles). There is one minor road crossing, Windsor Holloway (approx. 27.5 miles) – Bridge 27 Whittington Bridge is actually a lock. Run up the ramp (or steps if you prefer) to cross the road. This will be unmanned. There are two junctions, at approximately 30 miles (water station) – Bridge 33 at Stourton Junction & 33 miles (unmanned) – Wordsley Junction Bridge... At both junctions, turn right. At the finish, stop.
